## PROFESSIONAL SUMMARY

Python Developer fresher with hands-on knowledge of **Python, Django, REST APIs, MySQL, and web development**, with experience building backend and full-stack projects. Strong in **problem-solving, database integration, API development, and debugging**, with a quick-learning mindset and eagerness to contribute to software development teams.

## CORE SKILLS

- **Programming Languages:** Python, OOP, Data Structures & Algorithms
- **Backend:** Django, Django REST Framework, REST API Development
- **Database:** MySQL, SQL, Database Design, CRUD Operations
- **Frontend:** HTML5, CSS3, JavaScript, React.js
- **Tools & Technologies:** Git, GitHub, VS Code, Postman
- **Python Libraries:** NumPy, Pandas, Matplotlib, seaborn
- **Practices:** Agile/Scrum, unit testing & debugging, performance optimization

## INTERNSHIP EXPERIENCE

**Application Developer Intern — Nexa nova Pro Tech Pvt Ltd, Pune** **Mar 2026 – Aug 2026**
*Project: Customer Relationship Management (CRM) System*

- Built and maintained a web-based CRM application, developing responsive user interfaces with HTML, CSS, JavaScript, and Bootstrap.
- Implemented full CRUD (Create, Read, Update, Delete) functionality for customer and lead management modules.
- Integrated REST APIs to retrieve and update customer records, and used Python and SQL to manage application logic and database operations.
- Performed bug fixing, testing, and performance optimization to improve application reliability and response times.
- Enhanced dashboard functionality and form validation to improve overall user experience.
- Used Git and GitHub for version control and collaborative development within an Agile team, participating in daily stand-ups.
- **Technologies:** Python, HTML, CSS, JavaScript, Bootstrap, SQL, REST API, Git, GitHub

## PROJECTS

**Bank Management System | Python, Django, MySQL**

- Developed a banking application to manage customer accounts, deposits, withdrawals, and balance enquiries.
- Used Python, OOP, Django, and MySQL to implement business logic and database operations..
- Applied exception handling and input validation to improve application reliability.

**Job Portal Application | Python, Django, React, MySQL**

- Developed a full-stack job portal application using Python, Django, React, and MySQL.
- Implemented user registration, login, job posting, job search, job application, and CRUD operations.
- Developed and integrated REST APIs for communication between the frontend and backend.

## EDUCATION

**Rajiv Gandhi College, Nanded** **Jun 2023 – May 2026**
*Swami Ramanand Teerth Marathwada University, Nanded*
Bachelor of Computer Applications (BCA) | CGPA: 8.33

**Vai. Dhunda Maharaj College, Degloor** **Jun 2021 – Jun 2023**
Higher Secondary (12th) | Percentage: 48.33

**Sadhana High School, Degloor** **Jun 2020 – Jun 2021**
Secondary School (10th) | Percentage: 72.80%

## CERTIFICATIONS

- **Python Full Stack with Data Science and AI** — Firstbit Solutions, Pune **Jan 2026 – Aug 2026**

## LANGUAGES

English, Hindi, Marathi, Kannada

## SOFT SKILLS

1.Communication 2.Problem Solving 3.Team Collaboration 4.Time Management 5.Adaptability 6.Quick Learning
